

Millbrae School District Program Materials TK-8

This document outlines all Board adopted instructional materials for the 20-21 school year. The student materials on this document will be issued to every student in the district. Program titles marked with an asterisk are bridging materials and have not been formally adopted by the district.

Textbook Distribution: All textbooks, including consumables, will be issued by the students' classroom teacher. Please contact the Educational Services Department at the District Office with any questions.
